**Volunteer Fire Dept. News**  
The Volunteer Fire Department has purchased a fire truck from Bay City. The truck is completely equipped. Everyone is very proud of the new truck.

The walls in the Fire House are completely finished. Part of the floor was laid Sunday. Also the drains in the Fire House were completed. There is still a lot of work to be done on the one fire truck, and we could use more help at the Fire House. Dinner is served to all the workers at one o'clock every Sunday by the ladies of the Auxiliary.

The Fire Department will have a turkey dinner at the Ausable Hotel, Saturday, June 23rd, from 5 p.m. to 9 p.m. Donations \$1.25 and 75 cents.

One hundred thirty fathers and sons attended the father and son banquet sponsored by the ladies of the Fire Department Auxiliary. A delicious dinner of roast beef was served.

**The Summer Market**  
In the six weeks ending June 30, dealers take in more used cars as trades on new cars—sales than in any other six weeks in the year. This volume means that purchasing

F. C. Welsh used car buyers in this abundantly supplied market can choose from a much greater variety of models, often at reduced prices.

The car business is like any other when it comes to the costs of maintaining a large inventory of products, in this case used cars. It is very much to the dealer's interest to keep his supply to an economical minimum so as to reduce his daily overhead.

This is especially so this year when auto sales are nearing their all-time top record of 1955. Recent industry statistical reports show sales in April reached their highest point in 6½ years with market forecasts for early Summer of "glowing strength" according to Ward's Automotive Reports.

Welsh Motor Sales believes that thoroughly reconditioned used cars sold with reliable guarantees are both easier to sell and build repeat business for a dealership. As a matter of fact, it is the used car operation that spells success or failure to most dealers in our business today. Certainly a dealer would have a difficult time succeeding handicapped by a poor used car operation.

It is for this reason that we take pride in our used cars. Time and effort and money spent on conditioning them is returned in many ways, but most especially in customers who come back to buy their next car and who often bring others.

**"THE CACTUS AND THE CROWN"**  
By Catharine Cavin

In the late 1860's the Royal families of Europe collaborated with the French in an ingenious plan to make over Mexico. The set up Maximilian Von Hapsburg and his wife Carlotta as the Emperor and Empress of Mexico. In accepting this crown Maximilian bowed to the ambitions of his wife, a disturbed yet disturbingly beautiful woman. Unfortunately Maximilian was inept as a ruler and the whole adventure ended in disaster as the people of Mexico, led by Juarez, rose to overthrow him.

This novel has three themes: the making of a girl into a woman, the making of a man into a doctor, and the making of a nation.

This develops through the stories of two young Americans, Dr. Andrew Lorimer and his sister, Sally, and Pierre Franchet. A soldier in the French Expeditionary Corps, Andrew, a former field surgeon with the Confederate Army, cannot forget the horrors of war and only half-heartedly hopes to start life afresh in the practice left him by an uncle; Sally, however, loves everything about Mexico.

It was through Andrew's professional skill that the Lorimers met Pierre Franchet and the Emperor Maximilian, both of them destined to play a large part in their lives. Andrew became one of the doctors who tried to heal Carlotta's poor distracted mind and through him Sally was drawn into the court circle and found herself in the often dangerous position of confidante to the Empress.

The experiences of Andrew, Sally and Pierre in this troubled history and rich in the personal dreams and conforts which mark the making of a nation. This book is available at the Crawford County Library.

## Readers View Issues . . .

President Kennedy's ambitious and far-reaching domestic legislative program may not have precisely fallen on evil days, but it certainly has run into some very ghastly sludding. This is in contrast to his foreign policy, which, aside from questions of detail, has enjoyed support of both parties and of such outstanding opposition figures as Mr. Eisenhower and Mr. Nixon. Indeed, except for the tragic Cuban Bay of Pigs fiasco, criticism of this area has been limited and moderate. Not so his domestic proposals. And this is not, as Administration supporters claim, the work of a stubborn Congressional leaders who hold key committee posts. Numerous surveys indicate that while the President is personally extremely popular, many of his programs are not.

Numbers of Congressmen periodically poll their constituents in an effort to learn their views on controversial issues. One of them is Representative Walter Norde of Oregon's First District. Here are some of the questions in a recent questionnaire sent out by him, along with voter answers:

Do you favor the Administration's proposal that the United States purchase \$100 million worth of the United Nations' \$200 million bond issue? Yes, 27 per cent; No, 67 per cent; Undecided, 6 per cent.

Should the United States continue to oppose admission of Communist Red China into the United Nations? Yes, 83 per cent; No, 14 per cent; Undecided, 3 per cent.

Do you favor easing tariffs and trade restrictions? Yes, 47 per cent; No, 43 per cent; Undecided, 10 per cent.

Should the United States continue to give aid to Yugoslavia? Yes, 20 per cent; No, 65 per cent; Undecided, 15 per cent.

Do you favor creation of a new Department of Urban Affairs and Housing with Cabinet rank? Yes, 14 per cent; No, 74 per cent; Undecided, 12 per cent.

Should the law be changed to permit Social Security directors to earn more than \$1200 a year without penalizing their Social Security benefits? Yes, 69 per cent; No, 29 per cent; Undecided, 2 per cent.

...ELECTRIC AIR  
CONDITIONING MAKES  
THE DIFFERENCE!

Why suffer from the heat another day? Now, before the weather gets really hot, is the time to install electric air conditioning. The temperature outside may be 95° in the shade; inside it will be cool and comfortable. If you have a conditioning. Comfort in the big feature, but electric air conditioning also contributes to better health—you feel better, look radiant. Central units, for the whole house, or room units, there's an electric air conditioner to fit your pocketbook as well as your needs.

MODERN LIVING BEGINS WITH  
FULL HOUSEPOWER

To operate at peak efficiency, air conditioners like other appliances, need full HOUSEPOWER. Electrically operated, that means enough wiring, outlets and switches. No more, winter, spring or fall—full HOUSEPOWER in the your work lighter, your home brighter.

Get Your Electrical Connection  
Published by Consumers Power Company

No. 27 per cent; Undecided 4 per cent.

Should the United States continue to give foreign aid to those Latin American countries that did not join us in voting to expel Castro's Cuba from the Organization of American States because of Cuba's ties with the Communist bloc? Yes, 27 per cent; No, 66 per cent; Undecided, 7 per cent.

It cannot be fairly said, of course, that an expression of voter opinion in one Congressional district is typical of the whole country. But other such polls, taken in widely separated and diverse regions, do indicate that there is strong opposition, among Mr. Kennedy's admirers as well as opponents, to some of his key proposals. This is true of the plan to extend medical benefits to everyone drawing Social Security benefits, an issue which was not covered in Mr. Norblad's sampling. In fact, this particular piece of legislation will probably provoke the bitterest battles, in and out of Congress, of the current and perhaps of coming sessions.

Mr. Kennedy is learning what many a President has learned before him. It is one thing to propose programs, no matter how big, revolutionary and costly. It is a very different thing to get them enacted into the law of the land.

Grayling American Legion Post No. 106 entertained some 100 guests, including members of the Legion and Auxiliary of the 10th district at a lively meeting Saturday afternoon and evening. There were representatives from 12 posts, with a large delegation from Bay City. It was the mid-summer meeting and the order of business was the nomination of district officers for the Legion and the election of officers for the Auxiliary.

To Kenneth Peterson goes the prize for catching the largest rainbow here this season. Fishing the Manistee River above Riverview last week he hooked and landed a 6 1/2 pound rainbow trout. This was caught on a number 12 wet fly and landed with a three-ounce rod. He says he had a hard battle to land it.

Fire that started from a short circuit in wiring in the basement of the Alfred Hanson garage caused no little excitement early on Thursday evening. The short in the wiring was directly underneath the tire repair room and adjacent to the storage room where tires in stock are kept. Many of these were burned and this is what made the dense black smoke that spread throughout the building and left its imprint everywhere.

Members of the City Fire department were on the job and kept the smoke from bursting in flames, that would have resulted in a very disastrous conflagration. The damage was estimated at about \$1,500.00.

Mr. and Mrs. Charles Corwin, Mrs. Carl Broadbent, daughter Elaine, and Mrs. M. Fox of Grayling, spent Monday in Bay City.

Sunday afternoon the Grayling Merchants lost to East Jordan by the score of 13-6. East Jordan scored five runs in the first inning, making it hard for the Merchants to catch up in the remaining innings. The battery for Grayling was Post, catcher, Tebbitts, Anthony and Perry, pitchers.

Mrs. Halford Kittleman and daughter Kathryn Ann of Chicago have arrived for their annual sojourn at the cottage of her parents, Mr. and Mrs. Herbert W. Wolf.

Roger Brado of Lansing is visiting at the home of his aunt, Mrs. Fred Niederer.

John Henry Peterson enjoyed the company of a number of friends here for a few days last week.

### School Board Minutes

June 18, 1962

Regular meeting of the trustees of Grayling School District No. 1 was called to order at 8:00 p. m. in the Homecoming Room by President B. E. Henig.

Present: Trustees James Baker, Dr. B. E. Henig, Jerome Kessler, Bill Joseph, LeRoy Millikin and Eva Strong and Supt. Joseph Stripe and Mrs. Matilda Bishop. Absent: Trustee Melvin Nielson.

The minutes of the last regular meeting held on May 14, 1962, were read and approved. The treasurer and superintendent reported that the balance in the General Fund, as of 5/31/62, amounted to \$18,187.97, and in the Debt Retirement Fund, for the same date, \$17,228.40. Discussion was held on the financial condition of the district, and with the prospect of a deficit for the current year, unless the balance of our state aid is received, it was moved by Baker and supported by Kessler, that Supt. Stripe be authorized to borrow up to \$20,000 during the remainder of June, to pay all financial obligations due for the fiscal year 1961-62. Motion carried.

Moved by Millikin and supported by Baker that this board set as a Board of Canvassers to certify the Annual School Election held on June 11, 1962. Motion carried. The secretary reported that four persons, Matilda Foley Bishop, Russell Bruce Carlson, Claude T. Halstead, and R. LeRoy Millikin, had filed petitions for nomination as trustees for a term of four years, to fill two vacancies, in accordance with the General School Laws of the State of Michigan, and also, in accordance with a resolution adopted by this board at a meeting held on April 9, 1962, a proposition to increase the millage of the district for a period of five years from 1962 to 1966, both inclusive, had been placed on the ballots. The secretary then opened the envelopes containing the reports from the official election board, and announced the following results:

Matilda Foley Bishop received 163 votes.  
Russell Bruce Carlson received 53 votes.  
Claude T. Halstead received 103 votes.  
R. LeRoy Millikin received 178 votes.

L. Stillwagon received one vote.  
Proposition No. 1 received: For the proposition, 214 votes. Against the proposition 53 votes. Spoiled Ballots, five.  
Proposition No. 2 received: For the proposition, 219 votes. Against the proposition, 48 votes. Spoiled Ballots, five.

President Henig declared Matilda Foley Bishop and R. LeRoy Millikin duly elected as trustees for a period of four years, or until their successors be chosen, and that the proposition for increasing millage for a period of five years, by five mills, had passed, and directed the secretary to so notify the proper authorities in accordance with statutory laws. President Henig then swore in the two elected trustees, and they signed their acceptance of office.

The president and secretary reported on recent meeting held with the City Council, and explained the offer of the City to sell certain portions of the City Park, to Grayling School District No. 1, for the sum of \$25,000. The City will present land descriptions in detail in the near future. Moved by Kessler and supported by Joseph that the offer be accepted. Motion carried. After further discussion, Mr. Stripe agreed to contact several architects to discuss the initial planning for an elementary school building on this property. Mr. Stripe reported that Miss Monica Jodocy had been hired at a salary of \$4900 to teach Kindergarten. Mr. Stripe also stated that remodeling of room No. 6 (old band room), painting of window sills and cornice repair on

High School Building, would be done this summer, if possible. The trustees also discussed purchasing a new school bus, salaries of non-teaching personnel, feasibility of providing paved parking area, and many other minor matters. The board agreed to further study the parking area at the next meeting. The secretary reported that Board of Education had held 15 meetings during the 1961-62 school year, with Henig, Joseph and Millikin absent for one meeting, and Nielson absent for six meetings. The meeting was adjourned at 10:50 p. m.

Secretary

The Board of Education of Grayling School District No. 1 sincerely thanks all those who voted in the annual school election. The number of votes and the results were extremely gratifying. It is nice to know that people feel the need for financial support for the education of our children. We pledge ourselves to see that your dollars are spent as wisely as possible. We invite anyone interested to attend school board meetings which are held the second Monday evening of each month.
